VALUES

I'm a believer in positive energy and I stand up for kindness in humanity.
I'm a people person, a motivator, a helper.
I believe in togetherness, in empowerment, in uplifting one another, in 1 team, 1 goal.
I believe in a love-culture, not in a fear-culture, where communication and honest connection is key.

I act always hands-on, with direct communication and always thinking of solutions to go straight forward. I'm transparent, open and 'what you see, is what you get'.
